## GDPR Policy

Version	V23.0
Date approved by Finance & General Purposes Committee	09-05-2023
Date approved by Full Council	16-05-2023

## 1. Purpose of the policy

Chipperfield Parish Council adopted this policy to comply with the General Data Protection Regulations (GDPR) 2018 and other legislation relating to personal data. The policy sets out why and how the council will collect, use, and store personal information such as names, photographs and contact details.

## 2. 'Personal data' definition

"Personal data" is any information about a living individual, which allows them to be identified from that data, for example a name, photographs, videos, email address, or address. A person can be identified by the personal data alone or in combination with other information.

## 3. The five lawful reasons, under GDPR, to process personal information

- 3.1. Compliance with legal obligation:** The council is a public authority and has certain powers and duties. Most of your personal data is processed for compliance with a legal obligation which includes the discharge of the council's statutory functions and powers. Sometimes when exercising these powers or duties it is necessary to process personal data of residents or people using the council's services.
- 3.2. Contractual necessity:** We may also process personal data if it is necessary for the performance of a contract.
- 3.3. Consent:** Sometimes the use of your personal data requires your consent. On these occasions we will first obtain your consent to that use. In the UK, the age of consent to provide personal data is 13 years old. If the council suspects that a person is under 13 years old, the council will make reasonable efforts to seek the consent of a responsible adult.
- 3.4. Vital interests:** It is possible to process personal information to protect an individual without their consent e.g., in a life-or-death situation where emergency contact information is needed.
- 3.5. Public Interest:** When the Parish Council is acting in the public interest, personal data may be processed if it is necessary to undertake the tasks.

## 4. Why the council processes personal information

## **5. How the council processes personal information**

- 5.1. The way we collect, use and store information will be:
  - 5.1.1. lawful, fair, and transparent
  - 5.1.2. accurate and up to date
